

Karthikesh

📍 Coimbatore, India | ✉ karthikeshr.aiml2024@kitce.ac.in | ☎ 9150792612 | [in karthikesh26](https://www.linkedin.com/in/karthikesh26/) | [G Karthiii26](https://github.com/Karthiii26)

EDUCATION

Kalaigarkarunanidhi Institute of Technology, India
B.E. Computer Science in AI & ML , 2nd year
Coursework: Computer Architecture, Computer Networks, Artificial Intelligence and Foundations

2024 – 2028
Current **CGPA: 8.54/10.0**

PROJECTS

- Deepfake Detection System** | Python, CustomTkinter(GUI), Image-classification models
 - Developed a deepfake detection model using combined CNN architectures (**Xception + ResNet**).
 - Implemented preprocessing and training pipelines to detect synthetic images displayed through **GUI**
 - Increased **accuracy** through optimized dataset selection and model tuning.
- Portfolio** | HTML, CSS, JavaScript, Vercel | **karthikesh.vercel.app**
 - Developed a **fully responsive** portfolio website to present academic achievements and personal projects.
 - Built **reusable UI** components to maintain structure, readability, and scalability.
 - Hosted the website publicly on **Vercel** for global access and version tracking.
- Movie Booking System** | HTML, CSS, React.js, Node.js | MongoDB, JWT , Git
 - Developed a full-stack Movie Booking System that allows users to browse movies, view show timings, select seats, and book tickets seamlessly.
 - Implemented secure user authentication, real-time seat availability tracking, and booking confirmation functionality.
 - Designed an **admin** dashboard to manage movies, theaters, show schedules, and monitor bookings efficiently.

TECHNICAL SKILLS			CERTIFICATIONS & COURSES
C	Github	Power BI	Maiyyam - Full Stack Development Traineeship
C++	React.js	VS Code	Coursera - Get started with python
Java	DSA		Coursera - How Google Does Machine Learning
Python	OOPS		Cisco Networking Academy – Python Essentials 1&2, Introduction to Cyber Security
			Salesforce Trailhead - Agentblazer Champion

COMPETITIVE PROGRAMMING

Leetcode: Max rating - **1408** | Solved problems: **200+** | Badges: **2** | Streak: **100+**days

Codeforces: Max rating - **815**

Codechef: Max rating – **1147** | Position: **1 Star** (Div4) | Problems: **500** | Badges: **5** | Streak: **200+**days

Codolio: Solved problems: **674** | Active Days: **229** | C Score: **647.58**

ACHIEVEMENTS

- Participated in **multiple hackathons**, building working prototypes under real problem statements.
- Solved **500+** problems on CodeChef and **200+** on LeetCode, improving algorithmic and logical thinking skills
- Gained international exposure through an educational visit to Dubai, Abudhabi and Sharjah – **UAE**
